

FELCO 16

One-hand pruning shear | High performance | Ergonomic | Compact | For left-handers

It's not just the precision of the pruning cut that our pruning shears are justifiably renowned for. At FELCO we always endeavour to be just as precise in tailoring our tools to the specific needs of our users. The FELCO 16 is no exception, delivering the power for left-handers to accomplish a wide range of pruning tasks in a lightweight, compact tool that is a cut above the rest in ergonomic comfort.
