

# Hibertex Pro®

Winter protection  
product

MADE FROM 100%  
OF POLYESTER FIBER

## Why use Polyester vs Polypropylene in winter protection :

- Polyester is a better thermal insulation
- Polyester has a better resistance
  - to UV aging
  - to Thermal aging

The Hibertex Pro®, made of 100% Polyester fiber is more *resistant*, *durable* and *isolating* than other winter protection canvas made with Polypropylene.

Available to

The Hibertex Pro®, a wise choice  
for winter protection!
